

Book Reviews A New Feature of *Slayage*

With this issue we inaugurate the *Slayage* Book Review Section.

In a field as fertile as this, with dozens of books already written or edited by an ever-growing community of excellent scholars (and more appearing every year!), and with the broadening of our focus to include any media that could be considered part of the *Buffy the Vampire Slayer* fuzzy set, we felt it was time to begin publishing book reviews in *Slayage*.

Readers, please feel free to propose a review, ask me to add your name to our list of potential reviewers, or draw our attention to a new book that deserves a review. Reviewers can find our instructions and details about our expectations at <https://www.whedonstudies.tv/slayage-book-reviewers-instructions.html>.

I will be soliciting review copies from publishers throughout the year and occasionally posting lists of books available for review on our social media outlets. Authors, please contact me and I will get in touch with your publishers.

I look forward to helping *Slayage* readers keep up with new work in the field!

Janet Brennan Croft
Book Review Editor/Associate Editor
